

# District Utilization & Performance Report

August 1, 2007 through January 20, 2008

Presented By

Within the Kid's College Learning System is currently being utilized by 8,647 students, across 540 classrooms and 36 schools. **From August 1, 2007 through January 20, 2008, your students have answered 3,107,470 questions.**

Kid's College is an online service that presents standards-based content in language arts, reading, and mathematics. Students are motivated by arcade-style sports exercises to stay on task and attain correct answers. This extra "time on task" on relevant content leads to increased learning.

# Utilization Report

As shown in the following table, 8,647 students, working for 1,185,701 minutes, have answered 3,107,470 questions during the reporting period. (Note that 37% of this work is occurring after school hours, representing a significant advance in learning without a commensurate increase in personnel or operations costs.)

School Name	Number of Students Working in Program	Questions Utilized	Total Minutes Worked	Minutes After School	Percent After School
Highland Elementary	460	267,421	106,950	39,010	36%

# Math Performance

The following table shows that overall student performance in mathematics is 76%. The strongest area is "Number Concepts and Relationships" (78%) and the weakest area is "Probability" (57%).

**This color** shows failing performance (less than 50%), **this color** shows struggling performance (50% to 69%), and **this color** shows passing performance (70% and above).

		Percentage of Correct Answers
